DAKOTA PACKAGING

Statement of Quality Policy

Dakota Packaging Limited is resolutely committed to consistently meeting and surpassing the expectations and documented product and service requirements of our customer base and, in support of this commitment, we will maintain a certified quality management system in full compliance with the standards for ISO 9002 and the Pharmaceutical Supplier Code of Practice.

We are further committed to maintaining a safe, environmentally friendly and well maintained working environment that is suitable to the customer and product bases we service and which will in turn contribute towards the achievement of other core company objectives which are those of developing a highly trained, responsible, informed and motivated workforce as well as a competitive and efficient manufacturing operation.

Our business and quality philosophies are those of continuous improvement and the development of effective and mutually beneficial partnerships with both our customer and supplier bases and hence contributing towards a growing and profitable business.

We have set quality objectives which are designed to contribute towards greater growth and profitability

Hygiene, housekeeping and control of our working environment are all integral parts of our operation and we are committed to continuously achieving the highest levels possible.

Dakota Packaging Limited is an entirely non-smoking facility and eating is prohibited in all manufacturing areas.

Dakota Packaging Limited is committed to investing in state of the art manufacturing and process control equipment which assists in ensuring product security and contamination control which are key requirements of the industries we serve.

Compliance with the requirements of this policy is mandatory for all staff.

Brendan Mowles,
Managing Director
